

Smiling and Celebrating Success: Blades of Green's Annual Halftime Event

At Blades of Green, we don't just provide top-notch lawn care and pest control services to our valued clients – we also cultivate a diverse and dedicated team that embodies our core values. And what better way to showcase one of our values, SMILE, than through our annual Halftime event? Each year at Halftime, we bring the whole team together to celebrate our accomplishments of the year so far, rally for our upcoming busy fall aeration and seeding season, and HAVE FUN!

The theme of this year's event was SMILE. Each table came prepared with their own themes. Some transformed into Kool-Aid characters, beach vacationers, and emojis. It was great to see every team be creative. Our Culture Committee worked hard to decorate with smile-themed decor around every corner, further adding to the fun. Our leaders shared company updates and their thoughts for the remainder of the year, and thanked our team for all their hard work. Our COO reminded us that every team member, no matter what they do at Blades of Green, plays an integral role in our shared success.

One of the best parts of the day was our relay race, where team unity and teamwork came together and helped us gear up for the remainder of our season. The cheers, laughter, and high-fives exchanged during these activities (like fly swatter mini-golf!) reinforced the bonds that make us a family at Blades of Green.

We hope to see YOU at next year's event! Interested in joining our fun team? Click [HERE](#) to schedule a call to talk about our opportunities.

Giving Back and Having Fun

We have had a busy Summer of culture and community service events, and Summer isn't even over yet! The collage above contains snapshots of what we've done. From a Juneteenth Celebration to volunteering at Arlington National Cemetery, and hosting a blood drive and hot dog truck, we've had fun while giving back to the community and engaging in industry events. Before school let out, we also presented an educational program at a local elementary school.
