

## We Have a Lot to be Thankful For.

### We are thankful for our team.

November is a month for gratitude - and we have so much to be thankful for at Blades of Green. We give thanks for our exceptional team. The first week of this month, we celebrated Technician Appreciation Week, an annual week where we get to say a special thanks to our incredible Service Technicians. Each day, we had little ways to say thanks, including petting rescue dogs, spinning a prize wheel for fun prizes, enjoying Halloween goodies, and giving out tokens of appreciation throughout the week. Our Production Managers even put on their breakfast aprons to cook a big breakfast for our technicians.

In addition to Technician Appreciation Week, it was also Spirit Week for the whole company! We had virtual games each morning on Teams, there were thank-you notes going out around the company, and different "spirit days" each day of the week, from decades day to silly hat day and more! The main highlight of Spirit Week was an all-team "tailgate" event featuring games, grilled meats, and a side dish cookoff

competition. Whether in-person or virtually, the competitive spirit at Blades of Green was alive and well.

### **We are thankful for Veterans.**

We also extend our gratitude to the brave individuals who have served our country. So if you are a Veteran, we thank you for your service! At Blades of Green, we are proud that 10% of our workforce are Veterans, and we honor their diverse experiences and dedication to our team.

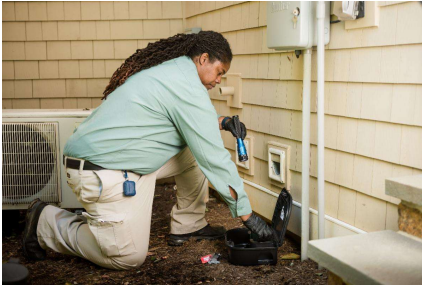

### **We are thankful for you.**

We are also thankful for YOU – for expressing interest at some point this year in our job opportunities. We look forward to the possibilities the future holds and thank you for considering us in your career search.

May your November be filled with warmth, gratitude, and memories with family and friends.
