

Grateful  
*For our Team*

### What's New in 2024? Spreading more love to our team.

As we pass the half-way point of a month that is marked by love, we are excited to share some employee experience updates with you. At Blades of Green, we believe in fostering a workplace environment that values and supports our team members and

their families. That's why this month we are highlighting some new things we've added to our team member experience.

### ***Nationwide Awards Recognition Platform***

We are thrilled to announce the launch of our new nationwide awards recognition platform! This platform is used to celebrate the hard work and dedication of our team members at Blades of Green, and across the Senske Family of Companies that we are a part of. We love to spotlight the contributions of our team members, and thank them for their hard work with monetary and other awards.

### ***Enhanced Team Member Benefits***

As part of our ongoing commitment to supporting the wellbeing of our team members, we are excited to introduce some enhanced benefits for 2024! Starting this year, all team members will have access to sick/wellness leave in addition to vacation leave. This ensures our team members have the adequate time off they need during times of personal or family illness or wellness needs, without sacrificing their vacation. Additionally, we have added an extra holiday floater day to our leave package, allowing a total of two additional days off each year to celebrate important moments or milestones meaningful to each team member.

### ***New Team Member-Centered Initiatives***

We always strive to create a team member-centered workplace culture where every team member feels valued and empowered. From ongoing training and development opportunities, to team member appreciate events, we are committed to making Blades of Green a place where our team members thrive both personally and professionally.
